## **1 Preamble**

(i) The Bill of quantities shall be read in conjunction with the Instructions to Bidders, General and Special Conditions of Contract, Scope of Services, Specifications etc.

(ii) The quantities given in the Bill of quantities are estimated quantities. The basis of payment will be actual quantities of work indented and carried out and valued at the rates and prices tendered in the priced Bills of quantities, where applicable and otherwise at such rates and prices as the Engineer may fix with in the terms of Contract.

(iii) The rates and prices tendered in the priced Bill of Quantities shall include all equipments, plant, tools, spares, labour, supervision, overheads, consumables, materials, erection, maintenance, testing of input material delivered, profit, taxes and duties together with all general risks, liabilities and obligations set out and implied in the Contract and other incidentals to comply with the requirement of technical specifications.

(iv) The rates and prices shall be quoted entirely in Indian Currency.

(v) A rate or price shall be entered against each item in the Bill of Quantities whether the quantities are stated or not. The cost of the items against which the contractor has failed to enter rate or price shall be deemed to be covered by other rates and prices entered for the related items of work.

(vi) The whole cost of complying with the provisions of the contract shall be included in the items provided in the priced Bill of Quantities and where no rates are provided the cost shall be deemed to be distributed among the rate and prices entered for the related items of work.

(vii) The contractor shall keep the entire carriageway neat and clean throughout the contract period. The contractor shall maintain guard rails, railings, crash barriers, road furniture etc. in good condition by cleaning them frequently as advised / required by using suitable detergents/chemicals.

(viii) The staff of the contractor shall wear safety jackets, shoes, helmets etc. while on duty.
